(Stocking) indicates those Xi5, Xi3 and X3 models stocked in Australia, all other models are order only allow 12 weeks delivery. (although this can vary)

Note: Xi5 salt-water units come standard with hand held remote, where the fresh-water version come standard with Foot Control
 Xi5 Fresh-water model with built in Sonar & GPS comes with foot and GPS hand control unit
 Refer to Accessories price list for optional Foot and Hand control units

Xi3 has same product features as Xi5 but is only available in 12v & 24v with max 70lb thrust. Fresh and salt water models comes with hand control remote only

Shaft Sizes: Different shaft sizes are available on many models, but are not stocked. If you require a different shaft size please contact MotorGuide (Mercury Marine). Delivery is usually 8 weeks, although this can vary.

MotorGuide aims to deliver the best possible product and reserves the right to change models, specifications and pricing without notice. Backed by the resources of Mercury Marine, part of the world's largest boating group, Motorguide is protected with between one and two year limited warranty, depending on model.

Note: product warranty for freshwater models is valid only when used in appropriate freshwater environments.

Please refer to MerCLINK catalogues for ordering and correct Dealer net pricing
